“One of the great undiscovered pleasures of Mexico... a tropical setting that lifts the spirits and fires the imagination.”

**Chicago Tribune**

### **LOCATION**

Mar de Jade is along Mexico's Tropical Pacific Coast, about 90mins north of Puerto Vallarta, 3 hours west of Guadalajara, and two hours south of Tepic, Nayarit. It is located on the south end of Chacala Beach, in the municipality of Compostela, state of Nayarit, Mexico. If you take a taxi from Puerto Vallarta tell the driver that the exit for Chacala is just south of the town of Las Varas, Nayarit.

### **ACCOMMODATION**

For those seeking an atmosphere of elegant simplicity, there are 15 suites that blend gently into the jungle background. They are made of cantera rock, clay tiles, hand painted mosaics and finished with tropical mahogany woods. All have sitting areas facing the garden and the ocean; most have private terraces.

### **FOOD AND DRINKS**

Meals are served three times a day, usually buffet style, in the breezy open-air dining pavilion overlooking the ocean. We take special pride in the quality and variety of our menus. In our daily preparations we use fresh fish, chicken, dairy products, abundant vegetables and salads, and the best of the tropical fruits: papaya, pineapples, mangos. Vegetarian options are always available.

“Brightened by bougainvillea and banana trees, Mar de Jade has plenty of charm, but I was more intrigued by its sanctuary-like seclusion, its hidden tropical aura...”

**Hemisphere Magazine**

### SPA

The Spa, with a natural clay and volcanic rock façade, is surrounded by lush tropical jungle and offers breathtaking ocean views.
